This initiative, coordinated by the Georgia Public Safety Training Center, offers college scholarships and police academy training to students willing to commit at least four years of service as a local law enforcement officer in a Georgia community.

b. Participants are eligible to receive up to \$7,500 per year for educational expenses (\$30,000 maximum) and may attend any accredited four-year college or university, including out-of-state institutions. Participants may pursue a degree in any accredited field of study. In some cases, seniors may be admitted into the program and receive reimbursement retroactively for their freshman, sophomore, and junior years.

c. In addition to scholarship benefits, the program pays tuition, subsistence and other costs associated with basic law enforcement training and certification. Also, agencies that hire participants are eligible to receive salary supplements of \$10,000 per year for each of the participant's four years of required service. As a secondary benefit, agency costs associated with basic training and certification are eliminated.
